II. GUIDELINE

Within thirty (30) days of receiving the audit report or within nine (9) months following the end of each fiscal year, unless a longer period is agreed to in advance by ADE, all subrecipients shall submit the single audit reports to the Audit Unit of ADE, pursuant to O.M.B. Circular No. A -133 §C.320(a).
- c. Pursuant to O.M.B. Circular No. A -133 §B.225, ADE can impose sanctions to ensure that sub-recipients have complied with requirements to provide an audit that meets the applicable standards and to administer state and federal programs in accordance with the applicable requirements.
- d. ADE will ensure that appropriate corrective action is taken within six (6) months after receipt of the audit report, pursuant to O.M.B. Circular No. A -133 §D.400(d)(5).
- e. This guideline applies to:
 - 1. All entities who expended \$500,000 or more in federal awards in any fiscal year, regardless of which federal agency provided the money.

year. The purpose of the Audit Evaluation is to capture a detailed list of all federal funds expended during previous fiscal year. This information will assist ADE in determining which agencies should be submitting a single audit. ADE will send a reminder letter to all sub-recipients referencing this requirement.

Pursuant to O.M.B. Circular No. A -133 §C.320(a), each school shall submit the single audit results to the Audit Unit of ADE within thirty (30) days of receiving the report and or within nine (9) months following each fiscal year, unless a longer period has been agreed to in advance. A request showing good cause for a longer period shall be made in writing and directed to the Audit Unit. The request will be approved or denied with thirty (30) days of receipt. The single audit report that must be submitted to ADE shall contain the following:

- (1) An opinion as to whether the recipient's financial statements and schedule of expenditures are consistent with each other and are presented fairly in all material respects in conformity with U.S. generally accepted accounting principles (GAAP).
- (2) A report on the recipient's internal controls over financial reporting and on compliance and other matters based on an audit of the financial statements.
- (3) A report on the recipient's compliance with laws, regulations, and the provisions of contracts or grant agreements, noncompliance with which could have a direct and material effect on a major federal program.
- (4) A schedule of findings and questioned costs.

Pursuant to O.M.B. Circular No. A -133 §§B.225(a)(b)(c) and (d), if ADE determines that full compliance has failed to be met, ADE can impose sanctions such as:

- (1) Withholding a percentage of Federal awards until the audit is completed satisfactorily;
- (2) Withholding or disallowing overhead costs;
- (3) Suspending Federal awards until the audit is completed; or
- (4) Terminating the Federal award.

Some examples of where sanctions may be warranted include:

(1) The sub-recipient did not submit an Audit Evaluation;

- (2) The sub-recipient did not and should have completed an audit;
- (3) The sub-recipient did not send the audit to ADE within the original or extended audit deadline;
- (4) The auditor did not perform the audit in accordance with O.M.B. Circular No. A -133;
- (5) The audit reporting package is not complete, for example the reporting package is missing the corrective action plan or other required elements; or
- (6) The sub-recipient does not cooperate with ADE audit resolution efforts, for example the sub-recipient does not take corrective action or does not repay disallowed costs to ADE.

Should any of the items listed above occur, ADE will issue written notification informing the sub-recipient of their non-compliance and request the information to be submitted upon receipt of the notification letter. ADE will continue to monitor and issue non-compliance notices every 30 days until the non-compliance issue has been resolved. However, if the non-compliance issue cannot be resolved immediately, the sub-recipient will provide ADE with a corrective action timeline. Should the non-compliance issue continue for a period greater than 90 days and no corrective action timeline established, ADE will consider the sub-recipient to be non-responsive and non-compliant. All non-responsive and non-compliant sub-recipients will be subject to the following sanctions:

- (1) The sub-recipient will be placed on HOLD status which freezes all current and future federal projects until the sub-recipient satisfies all audit requirements; or
- (2) Require modified monitoring and/or reporting provisions.

Should any sub-recipients continue to be non-responsive and non-compliant, ADE will choose sanctions that suit the particular circumstances and that promote compliance and/or corrective action. Possible sanctions include:

- (1) Discontinue contracting with the sub-recipient;
- (2) Conduct an audit or arrange for an independent audit of the sub-recipient and charge the cost of completing the audit to the sub-recipient;
- (3) Charge the sub-recipient for loss of federal or state aid or for penalties assessed to the granting agency because the sub-recipient did not comply with the audit requirements; or
- (4) Take other action that ADE determines is necessary to protect state or federal funding.
